GAMEPLAY EXPLAINED

Each of our events starts with an uplifting video briefing from one of our experienced Remote Hosts who will be present (virtually!) via video, before splitting the group down into smaller teams, each with their own breakout room. Participants will then get stuck into their activity, completing the challenges through the interactive app from the comfort and safety of their own home.

With a huge variety of content and app features, the challenges are designed to recreate the things that we love about working in a busy office - **networking, team work, socialising, and having fun with your colleagues.**

Each activity will bring your team together, prevent people feeling isolated and boost morale.

THINGS TO CONSIDER

To make the most out of your experience, make sure you have access to the following:

- A good internet connection
- A smartphone with the 'Mobile Adventures' app downloaded (Android or iOS)
- A laptop or device with sound and a camera in order to join a video conference. Our platform of choice is Zoom* which we set up for you using our account details. The benefits of Zoom is that it allows us to split your group into smaller teams, each in its own breakout room, allowing teams to collaborate.

*We have some clients who do not allow the use of Zoom. That's fine - just let us know as we have delivered these events in Webex, Google Meet, BlueJeans, and Microsoft Teams. It just requires us to deliver the event in a slightly different way.

review

"Our team had great fun solving the mystery of the 'Murder on the Slopes.' As a hybrid team, we also found it was an activity that worked well for those in the office and WFH. Would recommend!"
